Free Firewood!

(Saratoga, Wyo.) June 8, 2009 - - If you're planning to get an early start gathering firewood, stop in at the Brush Creek/Hayden Ranger Station in Saratoga and get a free firewood permit. The free firewood will be available at select campgrounds, trailheads, and administrative sites beginning June 15th. The program allows the public to gather free firewood at specific recreation sites where dead beetle-killed and other hazard trees have been cut down. Participation in the program requires a free firewood permit or standard firewood permit. Please call 307-326-5258, or stop by the office at South Highway 130 after 8 a.m. beginning June 15.
